Company : Quadeye
Company Name : Quadeye
Nature Of Business : High Frequency Trading
Designation : Quantitative Strategist
Tentative Job Location : Gurgaon

Quadeye is one of the largest India-based proprietary trading firms. Since inception, we have consistently grown at a handsome rate and have a distinct track record of success behind us. We run a stable business spread across asset classes and spanning the globe. Our greatest strength is our culture which takes a collaborative and non-hierarchical approach at work against an opposing prevalence in the industry. We strive as one team to stay ahead of the competition all the time.

Quadeye is a place of high expectations, deep curiosity where the only ceiling to your growth are your ambition and your smartness. Our culture gives an individual a unique opportunity to realize their potential and create a sizeable impact in a short period. We are looking for high performing individuals who are eager to learn, invent and make some serious money in the process.

We are looking to hire **Quantitative Strategists** who are excited to develop automated strategies for proprietary trading. These strategies would be targeted to explore different exchanges, asset classes and frequencies.

Your responsibilities will include:

- Using cutting edge statistical and machine learning techniques to identify opportunities from terabytes of data
- Design and implement trading strategies into a highly optimized and nimble code
- Productionize your strategies; investigate, observe and devise new ideas for better and faster predictions
