Company : Indus Insights And Analytical Services Pvt. Ltd.  
Company Name : Indus Insights And Analytical Services Pvt. Ltd.  
Nature Of Business : Consulting/Data Science  
Designation : Associate  
Tentative Job Location : Gurgaon

Indus Insights is looking for top-notch professionals to drive consulting and data sciences assignments of the firm. This is a phenomenal opportunity to work on some of the most exciting problems in fintech, banking & other industries while using Analytics & Big Data. These roles offer great exposure to top-tier clients across the globe, including in the US, Australia, Singapore, and India. If you like the overlap of business, math, and technology, and enjoy working in a fast-paced environment, this role is tailor-made for you.

Indus is looking to fill positions at the Associate Tier.

Specific role requirements will include the following:

1. Drive analytics projects for our clients

Description :

- 1. Work with your manager to give an analytical structure to seemingly vague business problems
- 2. Develop a problem-solving approach; Participate in brainstorming sessions with the team
- 3. Manipulate datasets from a variety of sources; Merge datasets, perform data hygiene, and create analysis/ modeling conducive datasets; Be the subject-matter expert on client data and trends
- 4. Use regression and machine learning techniques to create predictive algorithms; Evaluate the performance of algorithms, validate these, and perform statistical tests
- 5. Develop economic valuation models, perform validation, and design business strategies using such models
- 6. Develop business recommendations using predictive/ econometric models, perform impact sizing, stress testing, and create business case and presentations to be shared with CXOs

2. Client and Project Management

- 1. Work with client maps to understand the business context and data trends; Partner with them to address data issues and ensure consistency between data trends and actual business performance
- 2. Present findings, updates, and recommendations to clients on a periodic basis
- 3. Ensure smooth delivery of the project, provide periodic updates to Indus leadership & to clients, highlight roadblocks, etc

3. Other Activities

- 1. Be involved in hiring activities of Indus
- 2. Lead internal workstreams, such as internal R&D projects, business development assistance, lead new joining training sessions, etc
