Company :	Dhani Loans and Services Ltd.
Company Name :	Dhani Loans and Services Ltd.
Nature Of Business :	Healthcare
Designation :	Graduate Engineer Trainee
Tentative Job Location :	Mumbai

Designation: Graduate Engineer Trainee

Location: Mumbai

Having a strong background in software engineering/ Web application machine learning who are extremely passionate about solving real-world applied problems in the various business domains. A real opportunity to expand skill-sets and a chance to learn and use the latest advances and approaches in machine learning and data mining on real-world datasets.

Responsibilities:

- Contribute to engineering efforts from design to implementation to solving complex technical challenges for leading enterprises.
- Ability to understand a problem statement and implement analytical solutions & techniques independently or with minimal supervision.
- Involve in all aspects of the application development lifecycle: development, QA, documentation, implementation and integration.
- Drive adoption of best practices in code health, development productivity, scale and maintainability.
- Analyze and decompose complex software systems and collaborate with cross-functional teams to influence design for engineering excellence.
- Participate in cutting edge projects including and not limited to AI and ML applications.

Minimum qualifications:

- BS/BE degree in Computer Science from top tier college or related technical field or equivalent practical experience.
- Excellent coding skills in one or more general purpose programming languages including but not limited to: Python, Java, PHP, C/C++.
- Experience with one or more of the following: Natural Language Processing, text understanding, classification, pattern recognition, recommendation systems, targeting systems, ranking systems or similar.
- Fast learner: ability to learn and pick up a new language/tool/ platform quickly
